Administrator Jackson, Regional Administrator McLerran,

Attached to this email is a letter from Bristol Bay Native Corporation President and CEO Jason Metrokin related to the Bristol Bay Watershed Assessment public comment timeline. Supplemental information summarizing other public comment periods for Alaska mining and land management projects as well as some statistical information related to the recent public comment hearings for the watershed assessment accompany Mr. Metrokin's letter.

BBNC appreciates EPA's work on the Assessment and look forward to the timely completion of the public review and comment on this important science-based study.

Regards,

Daniel L. Cheyette
